

2019 Legislative Priorities Poll Report

The Governor's Council on Disability recently conducted its annual poll to determine the level of importance disability related issues have to Missourians impacted by disability through their personal and/or professional lives. The results will be shared with council members, the Governor, state legislators, and other interested groups. The poll was available to individuals via the Governor's Council on Disability listserves, Twitter, Facebook, website, personal contacts, and other organization contacts. It was provided in PDF and Survey Monkey formats.

Four hundred fifty-three (453) polls were returned.

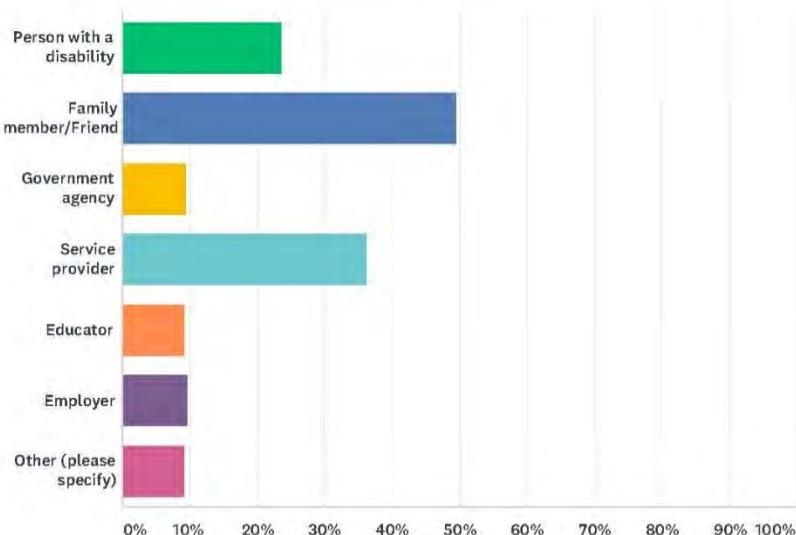

The top five priorities for the Governor's Council on Disability for the coming year are determined by the questions which receive the highest combined percentage of strongly agree and agree responses. The 2019 priorities will be:

- 1. The increasing cost of medication**
- 2. All public buildings having evacuation plans for all people with disabilities**
- 3. Private insurance coverage requirement for hearing aids**
- 4. Health care/medical services access**
- 5. Schools having a restraint and seclusion policy**

Respondents were given the opportunity to indicate the group or groups to which they belonged: person with a disability, family member/friend, government agency employee, service provider, educator, employer, other. The person with a disability category was marked 107 times. Of the other respondents, 225 were a family member/friend, 43 represented a government agency, 164 were service providers, 42 were educators, 44 were employers, and 42 marked other. Individuals with disabilities were given the option to indicate what type or types of disability they have: blind/low vision (26), chronic health condition (55), multiple chemical sensitivity (8), cognitive (31), deaf/hard of hearing (21), developmental (48), learning (25), mobility (57), psychological (43), intellectual (28) and other (26).

There were several opportunities for individuals to share their personal thoughts regarding issues with competitive employment, housing, health care, and transportation, what they would like legislators to work on during the upcoming legislative session, and ideas to help Missouri be more disability friendly. There were several topics mentioned frequently, which included:

- Employers not being willing to hire and accommodate people with disabilities, need for higher wages/salaries, sheltered workshops
- Lack of inclusion in schools, not preparing students for adult life
- Lack of affordable housing. It costs too much.
- Lack of and cost of transportation
- The cost of health care/insurance/prescriptions, lack of dental, hearing aid, and other coverage, lack of medical and mental health providers and lack of disability related education for providers

In an effort to ensure each citizen's voice is heard in its entirety we will be sending the responses from each question via email to your offices.
